

2022 CABERNET FRANC

WINEMAKER'S

TASTING NOTES

More dense and chunky than we are used to, but in a good way. Complex aromas of jam, smoke and cedar. Super ageworthy.

HARVEST

GROWING CONDITIONS:

The 2022 growing season started with a low primary bud count on a number of varieties due to winter damage. Even though the crop was small we ended up with super concentrated grapes as a result of a warm dry summer. Mother Nature decided that we couldn't have a perfect vintage so we did face some opposition as harvest approached. At one point it felt like a day didn't go by without some kind of rain event and this created challenges with fruit breakdown. We managed to mitigate these concerns by harvesting a few varieties earlier than normal but thanks to the warm dry summer, they had already achieved ripeness. We would describe the 2022 vintage as light in yield but high in quality.

THE WINEMAKING

VINIFICATION:

Grapes were machine picked at dawn, and were immediately crushed into open-top fermentation vessels. A yeast strain was added, and fermentation began within 24 hours. At dryness, the grapes were pressed to a stainless steel tank. After several days of settling, the wine was transferred to a mixture of French and American oak barrels.

VARIETAL COMPOSITION:
